

LUANNE RUDELL -- nominee for PRESIDENT*Home club: Garrett County Republican Women's Club**Western Region*

It is with immense pride that I have been slated to become the President of the Maryland Federation of Republican Women.

Through God's grace, I have had strong women in my path that have taught me strength, independence, and a unique ability to lead.

In late 2016, I served on the GC Republican Central Committee as an associate member. That is when I met and became a close friend of Ruth Umbel. She took me under her wing and strongly encouraged me to become a member of GCRWC. I joined in 2016 and served as Vice President in 2017/2018. In 2019, I became President of GCRWC. Sadly, Ruth passed away in September of 2019 and I became Chair of the GC Central Committee. I have learned significant qualities (both good and how to avoid the bad as well) from Ruth, as well as, from my deep friendship with Diana Waterman, who lost her battle with cancer in October of 2024. In 2021, Diana encouraged me to run for the 4th VP position that opened in 2021. In 2022, she encouraged me to run for 1st VP, which I have served the last two terms.

I currently serve as Rules Committee Chair for the MD GOP and attended the 2024 Republican National Convention as a Delegate. In addition, I served on the RNC Rules Committee.

It would be my great honor to serve as President, using my faith in God, years of experience with MFRW leadership, and the years of knowledge gained from my mentors. I will use my leadership skills to encourage, motivate, and mentor the members of this Federation, and lead them to the next level, while working diligently to increase our membership with the expressed goal of empowering future Republican women who will lead us into the future.

MARIA SOFIA -- nominee for 1st VICE PRESIDENT*Home club: Republican Women of Anne Arundel County**Central Region*

Over the past decade, I've been fortunate to serve in a variety of roles within Maryland Republican politics—each one offering new opportunities to grow, contribute, and learn. I've been a part of both major wins and difficult losses, all of which have fueled my commitment to never become complacent in the fight for our values.

Throughout my time on both the MFRW and NFRW Boards, I've taken on a variety of responsibilities—fundraising, growing membership, speaking to clubs, and being a consistent resource to those who've reached out. I would be honored to continue serving the MFRW and contributing to its future success.

JANA HOBBS -- nominee for RECORDING SECRETARY

Home club: Wicomico Conservative Republican Women

Eastern Shore Region

During the election of 2020, I watched in horror as the election was a fraud and stressed over what was becoming of our great nation. I was approached to join a group of similarly minded people and the Delmarva Conservative Movement was formed. Our goal was to make a difference in our elections. During the 2022 election, we had 9 candidates out of 11 win our elections.

I joined the Wicomico Conservative Republican Women in 2021 and looked for ways to help further Republican ideals in our community. I currently serve as president of this club and will be running for a second term.

I was elected to serve as the Third Vice President of the Maryland Federation of Republican Women in 2023 and am near the end of that term.

I would love to serve in the role of Recording Secretary for the MFRW as I have good attention to details and enjoy the recording of minutes. While I am a new addition to the MFRW (and WCRW) groups, I hope to continue bringing a fresh perspective and address the needs of all our members.

SUSAN BRAINERD -- nominee for TREASURER

Home club: Rural Women's Republican Club

Montgomery Region

I'm looking forward to the opportunity to fully utilize my organizational, communications, financial and technical skills to further the goals of the Republican Party.

Critical to the position of MFRW Treasurer is proficiency with QuickBooks, the small business equivalent of Quicken, intended primarily for personal finance management. Both financial software products were developed by Intuit.

For decades, I have used Quicken for check writing, budgeting, and even tax preparation. I reworked Quicken program cells to help clubs automate financial reporting and organize membership data, for a software cost of \$100/year. During 2023 and 2024, I created a prototype system utilizing Quicken. For those years, there were 2 systems in operation for the Montgomery County club -- the Treasurer's existing system using Excel and my Quicken prototype system, into which I input the same data, and which automatically produced financial reports with no additional inputting.

As a Senior U.S. government employee in the field of Intelligence, I purposely stayed away from any political affiliations & activities during my "working" years. Work positions held during those years: Operations Officer, Contracting Officer, Contracting Officer's Technical Representative (COTR), Program Manager, Manager of Mission (Technical Activities) & Plans (Budget, Finance) at the Office level, then Senior Manager.

Bookkeeper, Shawsheen Chemical Co. and Printworks Ltd (family business) -- accounts payable, accounts receivable, trial balances, worked with the tax attorney.

Professional communications: Radio stations in Maine & Connecticut.

Once able to participate in political activities, I have worked with campaigns (envelope stuffing, securing petition signatures, etc) and attended club events and fundraisers.

Skills -- data analysis, project management, communications, organization, problem solving, and advanced Excel.

Education

- Master of Science - Telecom Management (2001) -- U.M.U.C.
 - 14 MBA courses -- (1983-1986) -- Northeastern University
 - Bachelor of Arts - Government major / Pre-Law (1978) -- Bowdoin College
