

MFRW 2026 Spring Board – Update on Legislation

This year, all state offices are up for election. This Update focuses on a sampling of General Assembly legislation from 2023 – 2025 and the 2026 Session that diminishes parental rights, restricts local governments' authority and decision making, and affects citizens' safety and freedom.

Marylanders have also been subjected to increased taxes and fees to pay for larger budgets during this four-year term. At the same time, legislative audits revealed program deficiencies and lax accountability for grants and contracts over several years that have not been corrected.

Go to the documents below to see how your State senator and delegates voted on these issues.

- Legislator VOTES - 2023-2025
- Legislator VOTES - 2026.

SELECT BILLS 2026

SB 255 – *Voting Rights Act of 2026* – Allows the Attorney General and “any person” to seek court action to change the method of voting in counties and municipalities due to polarized voting. Special interest groups from outside the community could coerce small municipalities to change voting systems due to the threat of financial liability or active lawsuits.

SB 237 / HB 182 -- *Presidential Electors - Selection & Voting under “National Popular Vote Agreement”* -- Requires electors to pledge to vote for the President and Vice President candidates who win the National Popular Vote (NPV) regardless of whether voters in Maryland voted for those candidates. Authorizes replacement of an elector who fails to vote for the winner of the NPV. To date, 17 states, including Maryland, have adopted the NPV Agreement for a total of 206 electoral votes. If the number reaches 270, the NPV Agreement will be activated. (Example: In 2024, under the NPV agreement, Maryland’s 10 electoral votes would have been cast for President Trump even though a majority of Marylanders voted for VP Kamala Harris.)

HB 432 – Repeal right of municipalities to prohibit or control vagrancy. (Passed House only.)

HB 1532 – *Utility Relief* – Provides minimal financial relief of \$150 year. Does not increase energy production in Maryland (40% of our energy currently comes from outside Maryland). Failed to change the definition of “renewable energy” to “clean energy” and include nuclear

MFRW 2026 Spring Board – Update on Legislation

energy as non-greenhouse gas emitting, which would reduce fees associated with Type 2 Renewable Energy, saving ratepayers money.

HB 575 – Student Attendance – County Boards of Education Student Attendance Policy must include an excused or discretionary absence to participate in civic engagement activities (testifying at a hearing or meeting with members of a legislative body; contributing to the consideration, development or implementation of policy issues; participating in the Legislative Pages Program). HB 575 was opposed by the Public Schools Superintendents’ Association of MD and the MD Association of Boards of Education. Fewer than 50% of MD Public School students read or perform math on grade level. [HB 575 is perhaps a milder version of HB 568 of 2023 to authorize student-organized peaceful demonstrations during school hours].

SB 323 – Youth Charging Act -- Raises the age at which a juvenile is automatically charged as an adult for crimes that carry a sentence of life imprisonment or for certain felonies from 14 to 16.

SB 385 – The Vax Act grants the Maryland Secretary of Health the authority to set standards for recommended or required vaccinations.

SB 245 / HB 444 -- Prohibits Immigration Enforcement Agreements (287g) by counties. Forces I.C.E. to go into the community to arrest an illegal immigrant convicted of a criminal act rather than arresting them in controlled conditions in a county detention center. Increases danger to immigrants, communities, and law enforcement.

SB 791 – Prohibits cooperation with Federal law enforcement on immigration related individuals without a court warrant or court order.

SELECT BILLS 2023 – 2025

Health and Life

2025 – **HB 161 – Comprehensive Health Education Framework** - Established) Revised as “County Boards of Education – Curriculum Guides and Courses of Study – Discrepancies”. Establishes financial penalties if a local school system fails to completely follow state curriculum guides and courses of study.

MFRW 2026 Spring Board – Update on Legislation

2023 – **HB 705 / SB 798 -- Constitutional Amendment on Reproductive Freedom.**

2025 – **HB 1315 -- Pharmacy Vaccinations** – Parental approval is not required. Increases the vaccinations a pharmacist can administer to include those recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention as of 12/31/2024.

2023 – **HB 283 / SB460 -- Gender Affirming Care** – Does not exclude transgender drugs or surgery for minors under 18 or require parental approval for minors.

- 2021 – SB 41 Mental Health Counseling – reduced the age for informed consent from 16 to 12 years old.

Economic Development, Energy, and Environment

2025 – **HB286 / SB266 – Local Comprehensive Planning and State Economic Growth Resource Protection and Planning Policy** – must (1) optimize land productivity within population centers; (2) prioritize transportation networks that create energy efficient, affordable, and reliable access to jobs, housing, and services; (3) enable a mix of quality housing types and affordability options to accommodate all who want to live in the state, etc.

2025 – **HB 1466 / SB891 --** Requires all counties to adopt local law to allow **accessory dwelling units** in single-family detached housing communities. Excludes an accessory dwelling unit from the calculation of density and the application of any measures limiting residential growth that pertain to the lot, parcel, or tract proposed for development of an accessory dwelling unit.

2025 – **HB 1036 / SB931 -- PSC Factors to Consider for Solar Energy Generation Stations.** Removes authority for County Councils or County Commissioners to restrict or deny solar-energy farms and generators on preserved agricultural and open space land. Allows a generator to be built within 150 feet of a residential building.

2025 – **HB 49 – Building Energy Performance Standards Compliance and Report.** Imposes fee for covered buildings for energy use that fails to meet “Greenhouse Gas Emissions” and “energy use intensity targets.” Can include commercial or multi-family residential building 35,000 square feet or more, excluding a parking garage.

2025 – **HB 128 / SB149 -- Establish Climate Change Adaptation & Mitigation Payment Program** from businesses that extract fossil fuels or refine petroleum products to provide a source of revenue for State efforts to mitigate effects of climate change and address health impacts.
